

The theme of camp this year examines the ways that we take our faith out of the box of going to church and into the world and our daily lives.

Each day includes times for Bible Study, group hikes and crafts, swimming, worship at campfire, and times spent in small groups with two adult leaders exploring the theme of the day.

Directors and staff are trained members of our Oregon congregations and from our Disciples of Christ colleges. All counselors submit references which are called by the Christian Church in Oregon for detailed interview. First aid trained staff members and certified life guards will be on site.
